Re: Docket Number 2004-00365

To Whom It May Concern:

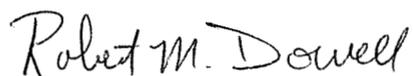

I am writing in response to the proposed construction of a 161,000 volt transmission line by Big Rivers Electric Corporation that is expected to cross my property. The purpose of this written statement is to protest this proposed construction. I do not believe the proposed line is required by public convenience and necessity, and would actually pose an inconvenience and possible hazard to my own and surrounding homesteads.

I will not voluntarily sell an easement through my property for the proposed construction, nor do I authorize Big Rivers Electric Corporation to construct upon or cross my property for the purpose of the fore mentioned transmission line.

I would like to request a public hearing on this matter. Please inform me of the date, time, and location as soon as it is scheduled.

Thank you for your assistance. I can be reached by mail, phone (270) 756-5336 or (270) 547-0751, or e-mail dahall@bbtel.com.

Sincerely,

Robert M. Dowell
